This will be an intensive four hour workshop for those wanting to learn more about how to make drums sound great, even if you only have a few mics & an MBOX!

The workshop will include the following subjects:

- Drum tuning and head replacement
- Drum microphone placement and selection
- Mic preamp and compressor selection and settings
- Phase coherence
- Vintage v.s. modern drum sounds
- Getting the most out of your drummer
- Close micing techniques
- Room micing techniques
- Question & Answer section
